THE CHALLENGE

Finding growth opportunities

Griffon Partners' main focus was to identify high growth companies that are interested in procuring talented and emerging leaders that are performing in the top 20 percent of their peer groups.

THE SOLUTION

Use ZoomInfo Pro to identify new business in growth industries.

Griffon Partners uses ZoomInfo in their business development efforts to quickly and efficiently search for top performing companies in a broad range of industries, including growth markets like life sciences, medical technology and high-tech.

Griffon's client mix ranges from modest startups to Fortune 1000 firms. ZoomInfo has fresh contact info on execs at all types of companies — from hard-to-find SMBs to the Russell 3,000.

GRIFFON PARTNERS DISCOVER NEW GROWTH OPPORTUNITIES BY USING ZOOMINFO

ZoomInfo Pro helped Griffon Partners build referral pipelines and rapport. The in-depth profiles from ZoomInfo contain detailed web references that provide valuable insights on people and companies — details that help consultants like Chris network and build rapport.

THE RESULTS

The investment paid for itself 10 times over!

Using more than 20 different search criteria, Chris is able to find new contacts and companies in industries where his experience and expertise are in the greatest demand. ZoomInfo has paid for itself 10 times over by helping him find and sign new business.

As an experienced management consultant, Chris knows exactly to who he needs to talk to at a company to make things happen. ZoomInfo helps him find that person and make a connection — fast.

Using ZoomInfo, Chris has access to background info that helps him start a conversation that's both informed and relevant. He's able to approach business prospects with a solid understanding of who they are, what they need, and how he can help.

"I have used ZoomInfo for over three years. It's one of the highest value-producing tools we use. I would estimate that we consistently receive a 10x return on our investment in the ZoomInfo subscription."
